@Italy242 Tod: oh come on! you have to believe me. i have nothing to do with the headcrabs. and besides, their a subspecies. the real problem to be worried about is the main part of the species. the (demonic voice) SHAPESHIFTERS. (normal voice) look. its not my fault you failed to protect your soft head mister mama mia! *points toward the revived king, who had a peice of his skull hanging out from the incident*

@moviemaster123475 The army commander: THATS IT!!! *he grabs a machete and lunges towards Tod* the owner: bros got anger issues. *he navy grabs some popcorn as Tod is shocked because the machete can destroy gods just as it slices his arm off*
